## \* Computer skills

### Programing languages

#### • FrontEnd:

- HTML
- CSS
- JavaScript
- TypeScript
- Bootstrap
- Angular
- Flutter
- Dart
- Android Studio

#### • Backend :

- Node Js
- Java EE
- Java
- C/C++
- Python

#### • DataBase :

- SQL
- MongoDB
- SQLlit

#### • Embeded language:

- Matlab
- Vhdl
- SCL
- TiaPortalV15
- LabView

## \* Interests

### clubs enectom

I have actively participated in various university clubs, including the Radio Orbeats Club, Enetcom, and the Microsoft Tech Club.

### Sport and reading historic stories

I am also a member of the university's handball sports club.

## \* Languages

Arabic

English

French

## Computer Science Industry

I am a computer science engineer actively looking for a graduation project internship, aiming to enhance my knowledge , skills and work collaboratively within a company. My primary interests lie in web and mobile development, as well as artificial intelligence. My studies at ENETCOM have equipped me with additional skills in embedded systems and automation.

## Education

### Engineering of computer science industry

**National School of Electronics and Telecommunications of Sfax (ENETCOM), sfax**

Since September 2021

computer science industry such as we learn all about computer science and all about industry , artifical intelligence and robotics

### Preparatory cycle diploma to enter engineering cycle(ESSTHS)

**Higher School of Science and Technology of Hammam Sousse, hammam sousse ,sousse**

From September 2019 to June 2021

I had learned physics and chemistry

## Work experience

### Summer Internship 1

**Tunisie Telecom , Bengurdan** June 2022

I have acquired comprehensive knowledge in networking, including fiber optics and various related subjects

### Summer Internship 2: Web development

**SwiftCode, Sfax** July 2023

Design and development of an e-commerce application that allows online purchases. I developed REST web service APIs for use in the frontend

#### • Fonctionalities:

- Crud

#### • Tools:

- Angular js
- Node js
- MongoDB

### Summer Internship3: development of site web SMART IRRIGATION SYSTEM

**Artibeded , sfax** From August 2023 to September 2023

Scheduling and Monitoring your irrigation is now very easy and smart way to mange everything that you could do better with help of our Smart App

#### • Fonctionalities:

Integration between the backend and the frontend.

#### • Tools :

- python - Flask
- React js
- MongoDB

## Certificat and Projects

### End-of-year project : Mobile Application

Developing a mobile application for conference management, this project is focused on streamlining event organization.

#### • Fonctionalities:

- Frontend part development

#### • Tools :

- Flutter - Dart
- Nest JS
- MongoDB

### CERTIFICATE of Data Science Bootcamp

The fundamentals of Data Science certification from DataMites hold accreditation from the International Association of Business Analytics (IABAC®).
