* Computer skills

Programming languages

• **FrontEnd:**

- HTML
- CSS
- JavaScript
- TypeScript
- Bootstrap
- Angular
- Flutter
- Dart
- Android Studio

• **Backend :**

- Node Js
- Nest js
- PHP
- Java EE
- Java
- C
- C++
- Python

• **DataBase :**

- SQL
- MongoDB
- SQLite

• **Embeded language:**

- Matlab
- Vhdl
- SCL
- TiaPortalV15
- LabView

* Interests

clubs enectom

I have actively participated in various university clubs, including the Radio Orbeats Club, Enetcom, and the Microsoft Tech Club.

Sport and reading historic stories

I am also a member of the university's handball sports club.

* Languages

Arabic

English

French

* Social networks

Amira Mansouri

Computer Science Industry

I am an engineer in the computer science industry with a passionate focus on web and mobile development, as well as artificial intelligence. through my studies at ENETCOM, I have gained more skills in embedded systems and automation.

Education

● Engineering of computer science industry

Since September 2021

[National School of Electronics and Telecommunications of Sfax \(ENETCOM\)](#) sfax
computer science industry such as we learn all about computer science and all about industry, artificial intelligence and robotics

● Preparatory cycle diploma to enter engineering cycle(ESSTHS)

From September 2019 to June 2021

[Higher School of Science and Technology of Hammam Sousse](#) hammam sousse
,sousse
I had learned physics and chemistry

Work experience

● Summer Internship 1

June 2022 [Tunisie Telecom](#) Bengurdan

I have acquired comprehensive knowledge in networking, including fiber optics and various related subjects

● Summer Internship 2: Web development

July 2023 [SwiftCode](#) Sfax

Design and development of an e-commerce application that allows online purchases. I developed REST web service APIs for use in the frontend

• **Fonctionalities:**

- Crud

• **Tools:**

- Angular js
- Node js
- MongoDB

● Summer Internship3: development of site web SMART IRRIGATION SYSTEM

From August 2023 to September 2023 [Artibeded](#) sfax

Scheduling and Monitoring your irrigation is now very easy and smart way to manage everything that you could do better with help of our Smart App

- **Fonctionalities:** Integration between the backend and the frontend.

• **Tools :**

- python - Flask
- React js
- MongoDB

Certificat and Projects

End-of-year project : Mobile Application

Developing a mobile application for conference management, this project is focused on streamlining event organization.

• **Fonctionalities:**

- Frontend part development

• **Tools :**

- Flutter - Dart
- Nest JS
- MongoDB

CERTIFICATE of Data Science Bootcamp

The fundamentals of Data Science certification from DataMites hold accreditation from the International Association of Business Analytics (IABAC®).
